

VESCO, INCORPORATED

VALUE ENGINEERED SYSTEMS

Paul Rosenbaum
SWR Corporation
127 East Washtenaw
Lansing MI 48933

Dear Paul;

We have had considerable success with your SWR-One product here in Cleveland, especially in our aerospace accounts where we have installed parts cleaning systems. These systems replace the traditional use of solvents to remove heavy cutting oils. We have tried many of our other alkaline cleaners in these critical operations and found nothing does as good a job of removing the heavy cutting oils as your SWR-One.

Sincerely;

John Hunziker,
Partner, Vesco Inc.
